

**REMARKS**

The Examiner has objected to the oath or declaration as being defective because Applicant's "Post Office Address" on page 2 of the Declaration is not complete. The basis for the objection is that the state name (Ohio) is missing. Attached is a copy of the "Declaration and Power of Attorney for Patent Application" submitted originally with the above-identified application. Page 2 recites the Residence (city and state) to be "LOVELAND, OHIO 45140" in combination with the Post Office Address of "1012 W. LOVELAND AVENUE". Therefore, the state name was included. Applicant respectfully requests that the Examiner reconsider and withdraw this objection. Otherwise, applicant requests further clarification of the objection because, based on the above facts, the Examiner's objection is not understood.

The specification was objected to as failing to provide proper antecedent basis for subject matter in allowed claim 17 for the reasons stated by the Examiner. Applicant has amended claim 17 to recite the identical subject matter presented in the original specification in paragraph [0040] on pages 12 and 13. It is respectfully requested that the Examiner reconsider and withdraw this objection.

The relevant prior art cited by the Examiner and its relation to the above-identified application has been noted. It is noted that the Examiner has indicated that claims 1 to 26 are allowed. It is respectfully requested that the Examiner reconsider and withdraw all objections.

Respectfully submitted,

---
